

sesion 03:

The screenshot shows the SQL Server Enterprise Manager interface. On the left, the Object Explorer displays the database structure for 'examenparcialbd.database.windows.net', including 'Database Diagrams', 'Tables', 'Views', 'External Resources', 'Synonyms', 'Programmability', 'Query Store', 'Extended Events', 'XEvent Profiler', 'Storage', 'Security', and 'Integration Services Catalogs'. The main window displays a SQL query in the 'SQLQuery2.sql' file, which is a complex statement involving multiple table joins and subqueries. The query is executed successfully, as indicated by the status bar at the bottom, which shows 'Query executed successfully.' and 'examenparcialbd.database.wi... stevekcyo (82) QhatuPERU 00:00:00 0 rows'.
